Light green 243

Medium green 203

Dark green 206

White 730

If you would like to precut your fabric and iron the shape flex on the back you will get a lot more done in class. I would suggest preparing one piece 13x15 inches , one piece 28x15 inches.

On the 13 by 15 inch piece mark center lengthwise and width wise with removable marking pen.

On the 28 by 15 inch piece , draw a line down the center lengthwise and width wise. Draw a vertical line 6 inches from the center line on both the right and left side of center.

You will need your machine, embroidery unit, power cord.

Please call if you have any questions.
