2) Basic Braided Twist

- Pattern Braided Twist includes book and braided twist tool by Cheryl Phillips, available at Tomorrow's Treasurers
- Purchase all fabric per the pattern book for the Basic Twist Runner on the chart on page 4, for the fusible interfacing I suggest using SF101, single sided fusible fleece and double sided ¼" fusible web, all available at Tomorrow's Treasures
- Not acceptable - Double sided fusible fleece or interfacing, Bosal In R Foam, Soft & Stable, or regular batting as a substitution for the fusible fleece.

3) Pre-Work optional,

- Prewash and press all selected fabric, I recommend 100% cotton fabric

- Cut out the pattern pieces per the chart on page 4 of the pattern book. Precise cutting is important! I used just 2 fabrics and it caused some confusion during assembly. I suggest you use three different fabrics and it is important to label your cut fabric pieces.
- We will not be using any of the templates provided in the pattern for the basic Braided Twist runner. Do NOT trace these templates.
- NOTE: DO NOT Fuse any of the fusible fleece, interfacing or web prior to class!

NOTE: Sewing Machines:

You must bring along with your sewing machines the following:

1. All sewing machine accessories, feet (referenced above), screw driver, etc.
2. Must have owner's manual for your machine
3. Bring 2 extra bobbins with no thread
4. Remember to bring the power cord and foot pedal
