I sell kits for \$30 in class. I have a key ring with samples and how many kits I have available (I will bring sample of the bag and the vinyl samples). I need to know if anyone is buying any from me on class day. I will not have extras with me during class day. Since they will be cut to order. They come with all materials including webbing, zipper pulls and zipper tape and any hardware and rivets. The pattern will be given to you in class. This is not a released pattern from the designer.

If they are opting out to buy the kit from me - please note on the class list what design they are buying from me. I take cash, Venmo, cash app and Zelle etc.
