

Scan N Cut

February 9, 2024

Supplies

This is the supply list for the ScanNCut club. Please bring to class:

- ScanNCut Machine
- 12 by 12 Standard Mat
- Regular blade
- USB Stick
- Shirt

*If you have the Brother Scan n Cut rhinestone kit please bring it with you. This project needs approximately 200 SS10 hot fix rhinestones.

*If you do not have the Brother Scan n Cut Rhinestone Kit and activation do not worry! It is not required to complete this project. I will have kits (rhinestone flock, rhinestone transfer, backing board and SS10 hot fix rhinestones) available for \$7.00.

We will learn to cut templates and apply hot fix rhinestones to a shirt. You will have a choice of making a heart, snowflake or star.

Call me if you have any questions.
